Now A Bombardier

STAFF SGT. EDDIE ALLISON

Staff Sgt. Eddie Allison is now at Santa Ana, Calif., to receive further bombardier training and obtain his commission as an officer in the army air corps.

Sgt. Allison is the son of Mr. and Mrs. Eddie Allison of Cameron and graduated from high school here in 1939. He volunteered for the air corps in January 1941, at 19 years. He got his basic training at Barksdale Field, La., and since his service has touched many points in the country.

He was promoted to Staff Sgt. on August 1, 1942, at Miami, Fla. Recently classified a bombardier after he had completed his cadet college course in Slippy Rock, Pa., he went to Nashville, Tenn., and from there was transferred to California.

Mrs. Allison and their son, Eddie Norris, will soon join him in California.

THANKSGIVING DAY DATE IS NOVEMBER 25

Washington, D. C., Nov.—President Roosevelt, who once experimented with an earlier Thanksgiving Day—on which many States declined to go along—Friday proclaimed the traditional last Thursday, Nov. 25, as the day "for expressing our thanks to God for His blessings" in 1943.

These, he said, have been many, including the biggest food crop year in American history.

The proclamation read:

"God's help to us has been great in this year of march toward world wide liberty. In brotherhood with warriors of other United Nations our gallant men have won victories, have freed our homes from fear, have made tyranny tremble, and have laid the foundation for freedom of life in a world which will be free.

"Our forges and hearths and mills have wrought well; and our weapons have not failed. Our farmers, victory gardeners, and crop volunteers have gathered and stored a heavy harvest in the bins and binds and cellars. Our total food production for the year is the greatest in the annals of our country.

For all these things we are devoutly thankful, knowing also that so great mercies exact from us the greatest measure of sacrifice and service.

Now, therefore, I, Franklin D. Roosevelt, President of the United States of America, do hereby designate Thursday, Nov. 25, 1943, as a day for expressing our thanks to God for His blessings. November having been set aside as "Food Fights for Freedom" month, it is fitting that Thanksgiving Day be made the culmination of the observance of the month by a high resolve on the part of all to produce and save food and to "share and play square" with food.

May we on Thanksgiving Day and on every day express our gratitude and zealously devote ourselves to our duties as individuals and as a Nation. May each of us dedicate his utmost efforts to speeding the victory which will bring new opportunities for peace and brotherhood among men.

In witness whereof, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

Registration for 4 Book Is Authorized

Chief Clerk, F. L. Gregory of the Ration Board announces that the general public may register for food Ration Book No. 4, at the Ada Henderson Public School Building, Cameron, Friday afternoon, November 19, 1943, between the hours of 3:30 and 6 p. m.

DR. NEWTON APPEAL SET FOR DECEMBER 15

Olton, Nov. 15.—Dr. W. R. Newtons appeal from a seven-year sentence for the 1942 shooting of Dr. Roy Hunt of Littlefield who, with his wife was murdered in their bed Oct. 26, will be argued before Mrs. Ruth Newton goes to trial on a companion charge.

That was brought out Monday as Judge C. D. Russell granted the fourth continuance in the trial of the Cameron doctor's wife, and ordered venue changed to Hale County.

Her trial will be held at Plainview during the January term of court, probably January 3rd.

Dr. Newton's case will be argued before the Court of Criminal Appeals at Austin, December 15th.

Mrs. Newton's case, postponed three times on defense motions, was passed Monday because the State was not prepared to go to trial.

District Attorney H. M. LaFont and Special Prosecutor E. A. Bills of Littlefield announced that one witness, Corp. Buster Weaver, is ill in a Massachusetts hospital, and that the whereabouts of another, Corp. Clint Fagan, is a military matter.

Their absence left the State case with only two or three witnesses who could give circumstantial evidence.

The change of venue was made on the judge's own motion after defense attorneys declined to present a motion for the change and question witnesses on the matter.

Full Congress Will Hear Hull Report on Moscow Thursday

Washington, D. C., Nov. 15.—State Secretary Hull will address a joint meeting of the two houses of Congress Thursday noon and report on the four-power agreement reached at Moscow.

Senate Democratic Leader Barkley said the precedent-breaking appearance of the Secretary would be before an informal gathering in the House chamber, and not a formal joint session. Prime Minister Winston Churchill spoke at such a meeting several months ago.

Hull is expected to give a detailed account of the Moscow negotiations, which led to a declaration by the United States, Great Britain, Russia and China for co-operation in the prosecution of the war to a victorious finish, and produced a pledge to form an international organization to preserve post-war peace.

Senator Lucas of Illinois, who aided in arranging for Hull's appearance, said he recalled no other occasion when a Cabinet officer had been so honored by Congress.

"I think his appearance will demonstrate the solidarity of American peace aims," Lucas said.

Barkley said that Hull would deliver a formal speech and would not be questioned by members.

RED ARMY BREAKING THROUGH GERMAN LINES

The Red Army is breaking through German lines in many places, the most effective push being near Kiev where the great victory is being exploited.

On the upper reaches of the Dnieper the Reds are whipping the Germans badly.

The Americans have polished off the Japs at Bauganville again. Claims by the Japanese of American naval losses have been proven false. A German claim that the Americans had lost 100,000 men killed in landings on Bauganville is also false.

In Italy the American 5th and British 7th Armies were battering their way nearer Rome. On the whole the war was subject to interpretation despite a wave of optimism in the United Nations.

SUPPER AT BUCKHOLTS

Mr. and Mrs. W. H. Ezzell of Buckholts entertained Pvt. Robert Michalka and wife with a supper Thursday night. Pvt. Michalka has just finished his 17 weeks of Basic training in California.

Those attending the supper were: Mr. and Mrs. Henry Michalka and daughter, Mrs. Annie Michalka, Mr. and Mrs. Jim Mitcham, Mr. and Mrs. Lloyd Ezzell and family, Mr. and Mrs. Cecil Criswell and Bob. The supper was enjoyed by all.

Ox Yoke Lock Bought 52 Years Ago Shown Here by G. F. Houston

A patented ox yoke lock he bought when he was 20 some 52 years ago, was shown here Saturday by G. F. Houston.

The lock is small but according to Mr. Houston served the purpose well and eliminated his troubles for the locks in use then were not satisfactory.

Mr. Houston was 20 years old and driving three yoke of oxen in Limestone county, hauling wood when he bought these locks. The lock is a spring operated jigger with a steel pin and circular finger clamps.

Mr. Houston, now 73 values the lock highly and has kept it securely through all the years. He is a native of this county, has been out of it only once to live and that was in Limestone county when he was 21.

Herold Story Was Premonition of Pearl Harbor Attack

Austin, Nov. 12.—An article printed in the Texas Herold saying that Japan and the United States went to war, the U. S. Navy would be defeated and the "outposts of the U. S. would be lost on the first day" was read into the record in federal court here Thursday by a Government witness in denaturalization proceedings against Mr. and Mrs. Hans Ackermann and Max Herman Keilbar.

They were publishers of the Herold, German-language newspaper at Taylor. The article praising the Japanese navy was printed in July, 1941, the Government claimed. It was attributed to a Japanese admiral.

The Government is asking cancellation of the citizenship of the publishers on the charge that when they took their oaths of allegiance to the United States, they did so with mental reservations.

Other excerpts of articles alleged to be pro-Nazi were introduced, along with numbers of letters from readers published in the Herold. One dated March 3, 1941, declared the "collapse of the British war structure can no longer be stopped" and predicted that Hitler would win "probably the greatest victory in the history of the world."

Byron Graham in Letter to Publisher Tells About England

Byron Graham, now in England, writes his appreciation of the Herold. He is now in England and has been in the Islands for some time with a fighter squadron in the United States Army Air Corps.

Byron, a former Yeoman, is the son of Mr. and Mrs. H. E. Graham of Cameron. Here in his letter:

"Just thought I would drop you a line to let you know how much I enjoy your paper. I hate to go to a camp and not find your paper. It helps lots. We get news that our friends forget to tell us in their letters.

"I'm very lucky to be in the outfit with one of my good friends from Rockdale, W. T. Pearson. I get my paper through him. Pearson has been in England much longer than I and has shown and taught me many things. I don't think that Milam county could have turned out a better man than Pearson.

"I'm having myself just one good time. I guess because it's rough. I'm sure that Tom and Joe Bill are doing the same. Thanks again for your paper, you will never know how much it helps."

Pacific Supply Lines Are Safe

London, Nov. 15.—The United States Navy, after overcoming the greatest transportation and handling problems ever presented in any war now is pouring supplies into the Southwest Pacific on a scale large enough to support a major offensive against the Japanese, Rear-Adm. Wm. Brent Young disclosed Monday.

The chief of the Navy Bureau of Supplies, who recently completed a 24,000 mile inspection tour, told a press conference that in the last six months virtually 100 per cent of supplies sent were getting through to General MacArthur's headquarters.

Liberator Pilot

LT. CHAS. S. SPROTT

Lt. Chas. S. Sprott, Army Air Corps, is a B-24 Liberator bomber pilot and has been in training for several months at a Liberator base.

Lt. Sprott graduated from the Blackland Flying Field at Waco on August 30, 1943, and was assigned to duty at Fort Worth.

Lt. Sprott was attending Junior College at Kilgore when he entered service on October 23, 1942. His advancement was rapid due to previous training as a civil aeronautics student. He made splendid grades and was able to advance rapidly to his present rank as a commissioned officer.

Lt. Sprott is the son of Mrs. Chas. Sprott of Cameron and was born and reared here.

Taylor Paper Backed Japs?

Austin, Nov. 12.—An article printed in the Texas Herold saying that if Japan and the United States went to war, the U. S. navy would be defeated and the "outposts of the United States would be lost on the first day" was read into the record in federal court here yesterday by a government witness in denaturalization proceedings against Mr. and Mrs. Hans Ackermann and Max Herman Keilbar.

They were publishers of the Herold, German-language newspaper at Taylor. The government is asking cancellation of the citizenship of the publishers on the charge that when they took their oaths of allegiance to the United States, they did so with mental reservations.

Maj. Raymond Helpert Graduates From Air Raid Protection Course

Edgewood Arsenal, Md.—Graduation exercises were held here today for military personnel completing the Air Raid Protection Course.

This course is designed to acquaint its students with the major problems of Air Raid Protection and the necessary measures to be taken against incendiary bombs, high explosive bombs, gas bombs, and the various emergencies incidental to an air raid on either civilian or military areas.

Among those graduating are: Major Raymond Helpert, box 1807, College Station. He attended Texas A & M and is the son of Henry Helpert of Burlington.

Texas Star Gets Role in Western Opening Here Friday

Lynn Merrick, the blue-eyed blonde starlet from Texas who has won wide spread popularity through her leading roles opposite Don "Red" Barry in his Republic westerns, was one of thirteen starlets selected by a committee of motion picture directors as "most likely to succeed."

This selection was a revival of the old time "Wampus Baby Star" custom which uncovered such stars as Janet Gaynor, Sally Eilers and Dolores Del Rio.

The most recent film in which Miss Merrick is featured is Republic's "Dead Man's Gulch," which opens Friday at the Milam Theatre for a two days showing. The film also features, in addition to Barry and Miss Merrick, Bud McTaggart, Emmett Lynn, Clancy Cooper, John Vesper, Jack Rockwell, Lee Shumway and Rex Lease.

Jack English directed under Associate Producer Eddy White.

WAC RECRUIT UNIT COMES NOVEMBER 23

Cameron young women eligible for the WAC will be given an opportunity to personally interview recruiting officials when the mobile unit known as office on wheels comes to Cameron on Tuesday, November 23.

The unit and recruiting party is coming to Cameron from San Antonio and the visiting personnel will interview interested women in Cameron.

The public and particularly women seeking information or desiring to become a part of the Women's Army Corps are invited to visit the trailer-office while it is stationed here.

The trailer will be accompanied by personnel from the Temple sub-station.

Geologists Warn Texas to Watch Water Supplies

Austin, Nov. 13.—Texas was warned today that it must conserve its abundant supplies of underground water, or face danger of exhaustion of a valuable natural resource.

This water will last forever, said W. N. White, of the U. S. Geological survey in a paper read before the geology section of the Texas Academy of Science, if proper care is exercised in withdrawals.

There is more fresh water available for domestic and industrial purposes and for irrigation in underground reservoirs than in all the surface reservoirs, White said.

"Unless the supply is properly handled—if pumping level is allowed to fall too low—there is danger of exhaustion," he said. "If the pumping level falls too low, there is a danger in some areas that the fresh water sands will be contaminated by brackish or salty water. This is already occurring in certain Gulf coast areas."

MRS. TOM FLOYD DIES IN LOCAL HOSPITAL

Mrs. Tom Floyd, 53, of Maysfield, died late Thursday in the Newton Memorial Hospital.

Mrs. Floyd apparently succumbed to complications arising from an old injury. Some weeks ago she sustained an injury to an arm which healed and from this the illness which caused her death began about two weeks ago when she was brought to the Newton Hospital for treatment.

Funeral services were held at the Maysfield Presbyterian church at 4 p. m. Friday, November 12, 1943, with Rev. Henry Bailey, the Pastor conducting the services. Interment was made in the Pebble Grove cemetery near Maysfield with the Green Funeral Home in Cameron directing arrangements.

Mrs. Floyd was born and reared in the Maysfield community and before her marriage was Miss Ray. Her husband, Tom Floyd, was staying at Freeport where he is employed by the Dow Chemical Company.

Surviving are the following children: Mrs. Vaughn Thweatt, Mrs. Herbert Thweatt, Bryan Floyd and Elmer Floyd.

Building Needed For Waste Paper; Is War Movement

A critical stage has been reached in the salvage campaign here it was announced late Wednesday.

A storage is needed for paper now being gathered by the Scouts. The lack of suitable storage has hampered the movement.

There are a number of vacant buildings in Cameron which could be easily given over for use in such a campaign. This appeal is made in behalf of the salvage program. If you have any suggestions let the Herald know about them.

Many people are bringing in waste paper for the war effort. Because no central place has been established for receipt of such paper, the effort has been retarded. Who will be the big patriotic citizen to save this situation?

ISLAND OF LEROS IS SURRENDERED WED.

British and Italian troops on the island of Leros have been captured and the island surrendered to the Germans.

News dispatches Wednesday said that some 8 thousand troops were surrendered to the Germans when the island fell. The island had been occupied by the Italians before Italy quit her Axis partner, Germany. The island is Italian territory and has been under heavy German attack for some time.

In the capture 5000 Italians and 3000 British were made prisoners of war. The Leros island is located off the coast of Turkey and is a part of the Dodecanese group. Early Tuesday the British and Italians were engaged in hand to hand fighting with the Germans.

The island had been under heavy air attacks for days. No effort was made by the Allies to relieve the troops caught in the sudden German attack.

While the Americans and British were struggling along in Italy the Russians were battering the German line and had overrun some 60 towns. The Red advance was said to be amazing both in speed and scope.

The war in the South Pacific was growing in intensity, the air forces bearing the brunt of the engagements. General Douglas MacArthur is having difficulty getting sufficient supplies and men to do the job against the Japs.

Turkey Market Is Handicapped by Labor Shortage

The Chamber of Commerce made an appeal to idle people here to come to the aid of the packing plants now engaged in processing the turkey crop.

Two of the packers have had to decline purchase of large numbers of turkeys because of the critical labor shortage. Here is a statement issued from the Chamber of Commerce early Friday afternoon:

Milam County with one of the largest turkey crops in history finds that a shortage of pickers at the dressing plants in Cameron is seriously affecting the market.

The Peter and Fairmount Companies in Cameron have had to turn down a great number of turkeys because it has been impossible to secure sufficient labor to dress the turkeys.

These two companies are paying a minimum of 40c per hour for picking turkeys, or ten cents per bird.

At the present time there are a great number of people in Cameron and surrounding territory who could help out in this critical labor situation, and at the same time earn a nice sum of money.

Farmers and farm laborers living near Cameron can put in several hours each week at one of the dressing plants in Cameron.

Cavalry Group Will Be Entertained at Dance at USO Here

A group of men from the 6th Cavalry will be entertained Friday night at USO hall with a dance, it was announced here Wednesday by J. M. Bochner.

Mr. Bochner said that the dance would begin at 8:30 in the evening. Hostess duties will be important and the plans are to make the men welcome and to provide them with an evening of delightful entertainment.

Young ladies who have made the USO program here a success by attending the dances are urged to be present.

Lieut. Gus Evans Visiting in Cameron

Augustus Evans, Jr., received his commission as 2nd Lt. in the Coast Artillery Corps upon successfully completing the officers candidate course at the Antiaircraft Artillery School, Camp Davis, N. C., on Nov. 11, 1943. He is the son of Mr. and Mrs. Gus Evans of Cameron.

The newly commissioned officer will take up his new duties in the Antiaircraft Artillery School after a short furlough. The course at the Antiaircraft Artillery School is one of the most difficult of the officer candidate tests in the army. Not only do candidates have to meet the high standards of leadership necessary to all officers, but they must be able to master and put into practice the complicated technical art of Antiaircraft Artillery.

UNVEILING OF THE FLAG SPONSORED BY LIONS

A large crowd gathered here at the Lighted Athletic Field Friday evening, November 12th at 7:30 o'clock to witness the "Unveiling of the Flag" bearing the stars, and the names of each man and woman in the American Forces from this place, and around in the different communities of Milam county. The Flag was 15x18 feet, the work of Mrs. Allie Kinard.

People of all nationalities were present at the unveiling, of the Flag which was sponsored by the Lions Club of Cameron with their president A. W. McCullin, giving the address of welcome. The pledge to the Flag was led by Mrs. William Brown of Washington, D. C., who represented the National DAR Chapter. She was the former Miss Ruth Kemp, daughter of Judge and Mrs. Jeff T. Kemp, a native of Cameron. Dr. James Watson gave the Invocation; songs were led by W. F. Nobles.

Recognition of persons who have loved ones in service was given.

Mrs. L. Barber sang, "God Bless America," accompanied on the piano by Miss Shirley Horstmann.

Presentation of the Service Flag was given by N. L. Caperton.

The song of Prayer, composed by Tommy Godfrey, was sung by Ray Burke.

Oxsheer Simth, president of the Citizens National Bank of Cameron,

introduced the speaker of the occasion, Governor Coke R. Stevenson, who gave an inspirational talk.

The program closed with the National Anthem, played by the Yoe High School Band, with Frances Cox leader, directing the music.

State Finances Are Declared To Be Sound

Austin, Nov. 12.—George Sheppard, state comptroller, Friday announced that a state-wide survey shows property valuations in Texas increased \$156,000,000 for 1942 over 1941 and a gain of nearly similar amount is expected for 1943. The 254 counties are now completing the rolls.

For the fiscal year ending Aug. 31 the State collected as its share of the ad valorem tax \$24,685,000. An increase of \$6,601,000 over the total for 1942.

The figures reveal that Texas conditions are sound, according to Sheppard.

Another property tax development came Friday when Governor Stevenson said that there is an estimated amount of \$16,000,000 due to the State in delinquent levy payments.

The gasoline tax is decreasing at the rate of more than \$10,000,000 annually due to the rationing system, but since this levy yields \$60,000,000 a year so far it has caused no inconvenience to state functions.

Mr. and Mrs. Eugene McKnight of Friendship transacted business in Cameron Tuesday.

Governor Stevenson Issues Proclamation For Thanksgiving

Austin, Nov. 12.—Every American can find something for which to be thankful despite the scourge of war, Governor Stevenson said Friday in his annual Thanksgiving Day proclamation.

The proclamation follows:

A day of public thanksgiving is of great antiquity. It probably had its origin in the sentiment expressed by the adage "he is ungrateful who

expresses his thanks when all wifenesses have departed." Ingratitude is one of the worst vices, and, fortunately for America, there are few of its citizens whose hearts are ungrateful.

The devout pilgrim fathers avoided the implication of the adage quoted by establishing a day of public thanksgiving; a day when the autumnal season is at its height and the harvests of all of our people have been gathered; a day when we realize the fruits of honest toil, faithful endeavor and sublime devotion to the task at hand.

Divine Providence has looked with special favor on us during the past year, notwithstanding the sorrows caused by the scourge of war. There is none among us so rich but that he owes something to society. Let him be thankful that he has the opportunity to acknowledge the debt and pay a portion of it. There is none among us so poor but that he has something to be thankful for. It is a time when every citizen can give public expression of thanks to God for manifold privileges which we have enjoyed.

We are here to give the news.

13 Per Cent of Our Food Goes to Our Armed Forces

Your Government says a soldier or sailor needs 5 1/4 pounds of food a day, or 1 1/2 civilian rations. To make sure that the right food is always available at the right time, the armed forces need a 90-day reserve for men quartered in this country—and a nine-month supply for men overseas. The right foods are the "protective foods"—meat, fats and oils, milk, canned goods, citrus fruits, dairy products—foods which are "short" in the civilian supply.

THE BIG JOB

is right in your daily homemaking routine

The Controlled Heat of your Gas Range will help

CUT FOOD WASTE

Plan Right • Cook Right • Eat Right

1. Know the seven basic food groups and plan your meals from them.
2. Plan by the week so that two or more protein foods will not be included in the same meal.
3. Plan a vegetable plate or a nourishing soup as the main dish for several meals during the week.
4. Use fresh foods in season. Cook most vegetables in a small amount of water; using only about one-half inch in a covered utensil.
5. Cut down your grocer's waste. Don't pinch fruits. Don't handle vegetables.
6. Serve smaller portions with the provision for seconds. Establish a rule for eating everything served.
7. Don't buy rationed foods for the sake of using stamps. Don't give away or trade stamps.

Buying bonds, working for the Red Cross, helping with Civilian Defense—of course you are helping! But the big job is making the food our farmers are producing go just as far as it will. • Cook only the amount of vegetables needed. Serve left-overs creamed, in casserole dishes, or cold—in salads. • Cook vegetables and fruits in their skins wherever possible—and over a low gas flame. • Roast meats at low temperature in your gas oven to reduce shrinkage. Use left-overs in stews, meat pies and hash.

Our Home Economics Department will be glad to help you with specific information on how to cook and process food for wartime meals. Be sure to pick up each week at our office your free copy of our Modern Homemaking Bulletin.

ARMISTICE CELEBRATION BRINGS MANY TO CITY

Armistice Day in Cameron was outstanding for the large attendance at the annual dinner and other entertainment features.

Some 500 attended the dinner which was served in the USO building by the Business and Professional Women.

The day began with a breakfast for Past Commanders of Milam County Legion Posts. The breakfast served at the Cato Cafe, was instituted by the late Grady Little, Past Commander of the Local Post, some years ago. There were 19 past commanders at the breakfast as follows: Clyde Franklin, Jess Thomas, M. N. Strickler and C. U. Cates of Rockdale; Lon Peeples and Jim Baggett of Milano, L. G. Butts, Jamie Clark, Tom Beard and D. Young of Thorndale; R. W. Bennett, present commander here, P. W. Davis, Ralph Michalka, O. B. Horstmann, H. B. McClellan, Jim McGoldrick, L. Van Perkins and Emmett Streetman of Cameron.

Plans were laid for the organization of a Last Man Club, to be composed of former Post Commanders. Emmett Streetman has been placed in charge of this plan. Only veterans of World War No. 1, who have served as Post Commanders will be eligible. L. G. Butts of Thorndale will have charge of the Commander's breakfast for next year.

A tribute was paid Grady Little, late post commander here, who died suddenly in Cameron several weeks ago.

When the busses came in from McClosky Hospital in Temple with wounded veterans of the present war they were met by Jim McGoldrick and Emmett Streetman who presented dinner tickets. Each veteran was permitted to retain his ticket as a souvenir of the courtesy arranged by the local Legion post and those who bought tickets. Each ticket bore the name of the individual or organization who purchased them. The wounded men were under command of Lt. Rankin.

P. W. Davis as master of ceremonies, opened the program following the dinner by introducing Cpl. Jimmy Murphy who at one time was on the

Voice of Experience radio program. In turn other guest artists were introduced by Cpl. Murphy, who sang several Irish numbers. Cpl. Benard Kube sang several numbers and Cpl. Shanks gave a selection at the piano.

Col. McElroy, Judge Advocate of the 8th Service Command in Dallas brought the principal address. He was highly appreciative of the courtesies of the Texas people to soldiers in the 8th Command. His address was well applauded for its theme and interest.

P. W. Davis expressed in well chosen words the thanks of the Legion to those who made the dinner possible through their contributions and especially thanked the Business & Professional Women for serving the dinner.

The program for the day closed with a dance at National Hall. H. B. McClellan, Finance officer for the post, and former commander, said that the ticket sales were the largest in the history of the post and the finances for the celebration were well over on the profit side.

Mrs. Newton to Face Court in Hunt Shooting

Littlefield, Nov. 12.—The case of Mrs. W. R. Newton, charged with assault to murder against now-slain Dr. Roy Hunt, will be "called Monday morning at Olton, for announcements," but whether the trial will proceed has not been decided.

District Judge C. D. Russell and District Attorney Harold M. LaFont, said it was not certain yet that Mrs. Newton would go to trial since Dr. Hunt, slain with his wife here October 26, was the principal state witness.

Dr. W. R. Newton, husband of the defendant already is under seven-year sentence in the same assault case. Mrs. Newton was not tried with him last summer because of her illness.

Mrs. Geneva Schroggins of Houston is a visitor in the W. A. Allday home, and is attending the bed side of Mrs. W. A. Allday who is in a Temple Hospital.

Mr. and Mrs. Bill Kyle of Rockdale were visitors in Cameron Tuesday.

Powerful Drama of Nazi Occupation is Coming to Cameron

The first picture to present a stunningly dramatic account of a European people under the Nazi yoke, RKO Radio's "This Land Is Mine" stars Charles Laughton and Maureen O'Hara in what is said to be one of the year's finest films, opening Thursday and Friday at the Cameron Laughton plays a timorous school teacher, secretly in love with his fellow teacher, Miss O'Hara.

The story begins with the arrival of the Nazi troops in the little village where they live—a village somewhere in the occupied area of Europe; it might be in Holland or France or Belgium.

The Nazi commander, Major von Keller, does his best to keep things peaceful, not so much because he is averse to bloodshed, for he is a professional soldier, but because his task of conciliation will be easier if there is no friction. Some of the villagers "cooperate" with the invaders, but the natural resentment of most of them grows irresistibly and when the outbreak does come, it is violent.

Von Keller, forced to act, takes a number of hostages who will be shot unless the ringleaders of the patriots are surrendered. This involves the trembling school teacher, and he finds himself being borne swiftly along on the current of events toward a relentless climax. His patriotism overcomes his fears in the end, and brings about the stirring conclusion of the film on an inspired note that makes the picture memorable.

Laughton's role is hailed as the finest he has ever had on the screen. The picture also gives Miss O'Hara an exceptional opportunity for her dramatic talents. George Sanders as one of the collaborationists, Walter Slezak as the Nazi Major, Kent Smith as a young patriot, Una O'Connor as Laughton's shrewish mother, and Geo. Coulouris, Philip Merivale, Thurston Hall and other well-known players have important roles.

Jean Renoir, noted French director, handled the making of the picture, which was produced by Dudley Nichols, who also wrote the screenplay. Based on authentic news stories and

first hand reports of European civilians escaped from the occupied areas, the film achieves a realistic quality in its presentation of actual conditions and in its message of hope to the people of those areas which make it outstanding among current screen vehicles.

J. R. Hunt of Rockdale was a visitor in Cameron early this week, coming over on the new bus line which has been much appreciated by the people there. Mr. Hunt some years ago became interested in Indian relics and had a very fine collection which has been purchased by the Herald. Mr. Hunt, due to failing eyesight does not get to the Indian camps now as he once did. He spends his days quietly at his suburban home near Rockdale.

WAC LIEUTENANT TO BRING ROTARY TALK

Lt. Karin I. Jensen, Woman's Auxiliary Corps, United States Army and Sub-Station Commander at Temple, for the recruiting service, will bring the program next Wednesday at the Rotary Club.

In a letter to Chas. M. Hicks, past President, Lt. Jensen, requests the aid of all civic organizations in bringing the recruiting program to the attention of the people.

She says that present plans are to replace every war casualty with a WAC.

All young women interested in enlistment are requested to leave their names at The Herald or with any member of the Rotary Club for a

complimentary ticket to the luncheon next Wednesday as special guests of the club.

Lt. Jensen is a splendid speaker and is available for speeches in connection with the War Chest or Bond drives. Rotarians and their guests are looking forward to this meeting.

Your County War Fund is another "Victory weapon."

The United War Chest of Texas through war fund organizations in every county of the state is charged with the responsibility of raising \$4,885,781.00 for the 17 approved war appeals of the National War Fund. The national goal is \$125,000,000.

Each of the 17 participating agencies was carefully budgeted to stretch every dollar contributed before it received the approval of the President's War Relief Control Board.

Texans now are being asked to take a Texan's share in their County War Funds to aid three fronts with one gift—the Military Front, the United Nations Front, and the Home Front. Remember, President Roosevelt has said that a share in the National War Fund is a share in winning the war. Use this "Victory weapon." Give to your County War Fund.

WE MUST SAFEGUARD THE HOME FRONT—THEY ARE FIGHTING TO PRESERVE

This war has touched the life of every American. Practically every family has given a member to the armed forces of our country—many families have several boys in the service . . . Many boys have made the supreme sacrifice.

It is our sacred obligation to safeguard the home front they have left behind. We simply cannot afford to neglect the important things . . . things that will really count after the firing ceases.

Life Insurance is one of those things that will mean so much a little later on. Something that will be harder and harder to get, and cost more as the years go by.

Adequate life insurance is necessary to the homelife and security of tomorrow, something that will help to safeguard the home front and contribute to the safety and security of the home our boys left and expect to come back to.

THE OLD

American Virtue of Thrift

STILL LIVES ON!

BACK in the days when Thanksgiving was new, thrift was the first law and the abiding rule.

The happiness and health of the earliest Americans—yes, even their very existence—depended upon their frugal, saving ways.

And today, with Americans putting big percentages of their incomes into War Bonds, thrift has come into its own again.

We must all sacrifice and skimp and save to help win this hardest of all wars!

Please join in this pledge: "I won't buy anything—anything at all—that I don't really need."

And for the things you simply can't get along without, come to Penney's!

Penney's specializes in thrift and savings.

Penney's way of doing business keeps operating expenses very low. The result is savings for Penney's and these savings are passed on to our customers—as they always have been—in the form of lower prices.

Shopping at Penney's is so important today—when dollars must stretch further than ever!

PENNEY'S

AXIS TO BE BEATEN IF STRATEGY SOUND

In his first speech since the Russian armies smashed Hitler's line along the Dnieper River and his first since accord was reached by the Allies at Moscow, Churchill, foreseeing Germany's "impending ruin," declared that he regarded "this hour as at once more hopeful and more stirring than any through which we have passed."

"It is a reasonable assumption," he continued, "that unless we make some grave mistake in strategy, the year 1944 will see the climax of the European war."

"Unless some happier event occurs on which we have no right to count and the hand of providence is directed by some crowning mercy, then 1944 will see the greatest sacrifice of life by the British and American armies and battles far larger and more costly than Waterloo or Gettysburg will be fought."

"Sorrow will come to many homes in the United Kingdom and throughout the great republic of the United States. British and American manhood—true brothers in arms—will rise to the attack and grapple with their deadly foes."

Of hopes for peace he said: "A great many people speak as if the end of the war in Europe were near. I hope indeed that they may prove right . . . We should, however, be foolish and blameworthy if we allowed our plans and actions to be based upon the prospect of an early collapse in Germany."

"There is danger in anything which diverts the thoughts and efforts of any of the Allied Nations from the supreme task which lies before them, namely, that of beating down into dust and ruin the deadly foes and tyrants who so nearly subjugated the entire world to their domination."

"I am myself proceeding on the assumption that the campaign of 1944 in Europe will be the most severe and to the Western Allies the most costly in lives of any we have yet fought, and we must all brace ourselves for the task and strain every nerve for its successful accomplishment."

CARD OF THANKS

We are sincerely grateful to our friends and neighbors for their kindness to us during the recent illness and at the death of our dear mother, Mrs. R. A. Nabours. We want especially to thank the Cameron Hospital for the attention given and for their efforts in every way. We thank the doctors who were so faithful in their duty. To those who gave flowers to express their sympathy and to each one who came to us in this hour of great sorrow, we will remember with abiding gratitude.

Mrs. J. W. House.

TORNO PARADES THE YOEMEN TO VICTORY

By HARRY BLANDING

Belton, Nov. 11. — Bow-legged Frankie Torno, the Cameron tornado, couldn't catch a pig in a ditch to save his life, but neither could the Belton Tigers catch Frankie, and when the dust of the Armistice day battle here had cleared away it was Cameron 20, Belton 6.

Torno, as talented and as cool a running back as District 31A has seen in many a season, scored once on a short gallop in the first quarter, and early in the fourth canto rocketed 62 yards for the final score.

The Tigers battled doggedly, and should have had another touchdown but there was no doubt that the better team won. The Yoemen had a wide statistical advantage, but mainly they had sharper blocking and Torno.

Cameron took the opening kickoff and from its 35 yard line marched to a touchdown with Torno, Esslinger and Riddle slashing the Belton tackle and sweeping the ends. Torno took it over on a sweep from the Belton 10 yard line, then kicked

the point.

Twice in the second quarter the Tigers, mainly on the passing of Arthur Neal Potts to big Pete Fielding plus hard running by lanky William Lee Jeffers, banged inside the Cameron five yard line, but once a fumble stopped them, and then the half ended with them on the Camron one yard line and second down coming up.

The Yoemen opened the second half with another score. From his own 40, Torno hit Riddle with a behind-the-line pass, and Riddle dashed to the Belton 30. From there the Esslinger - Torno - Riddle combination drove down to the four yard line, and Holloway took it over from there on a spinner. Torno again kicked the point.

Then came Belton's score. Torno fumbled on a pass attempt and Belton recovered on Cameron 20. Jeffers and Roberts bit off eight yards each, and then Potts hit Fielding in the end zone with a sharp pass. Try for point was blocked.

Moments later Torno rocketed through the right side of the Belton line and outran his own blockers and the Belton secondary like Whirlaway coming down the stretch, to score going away. This time he missed

the point, but Coach Dick Young left him in the game anyway.

Later Cameron moved down to the Belton four yard line but the Tigers braced there and took the ball or downs.

Young, Black and Tindall were the Cameron line stars, and Fielding was Belton's best lineman.

What do you like about Coffee

Strength?

DOWN HERE in the Southwest we have several schools of thought on coffee. Some graduates insist the best coffee is strong, black, and hot. Others prefer it light and delicate, flavored with cream and sugar. Or sugar alone. Then there's the minority who are content any which way—just so long a saucer accompanies the cup! It doesn't matter which school you support. Admiration is blended to accommodate *all* tastes. It has sufficient heavy bodied coffees to enable anyone to make a "strong" cup. By using less coffee, a lighter brew of course can be made. In neither instance is there a sacrifice of Admiration's wonderful aroma and flavor.

LAMOFILM—THE PERFECT PROTECTION

Buy Admiration in the Lamofilm Package. This specially designed container, thrice sealed against flavor loss—(moisture, air, and deterioration of freshness)—gives you vacuum-pack protection. All the goodness of Admiration's famed blend is locked in at the roasting plant. And it stays in too! You'll instantly observe this when you open a new package. How? By the generous, fragrant aroma that will flood the room.

Banking

One of the oldest of now modern institutions to afford orderly process in business, has always been and always will be biggest aid to progress.

Modern business with all its details must have modern facilities to expedite its growth development. Our bank is such a bank. Large enough to comprehend the needs of all and considerate to the point of vital concern for the smallest demand upon us.

Texas Farmers are cooperating fully in America's war effort...producing maximum quantities of foods for our fighting men and for the home front...foods needed for Victory. The fact that this year's Texas food harvest promises to be one of the greatest in Texas history is ample testimony to the earnestness of the Texas farmer's efforts to produce more food...the most essential "weapon of war."

Through its Wartime Farm Service Program, Texas Power & Light Company is assisting Texas farmers in meeting the larger food production goals needed for Victory. This Company's farm service representatives are "on the ground" assisting farmers in solving their wartime production problems. On many thousands of Texas farms dependable, low-cost electricity is helping overcome the labor shortage by doing jobs once done by men now serving in the nation's armed forces.

In war, as in peace, this Company's service helps to increase the productivity of Texas farms, and to provide better living in farm homes. Texas Power & Light Company serves more than 25,000 farm and rural customers directly from its own lines...and electric service from its transmission lines goes to many thousands of additional farmers through R.E.A. Cooperatives to which this Company provides electricity at low wholesale rates.

TEXAS POWER & LIGHT COMPANY

The facilities and resources of this Company are dedicated to winning the war as quickly as possible, and to doing such a thorough job of it as to forever discourage dictators who seek to destroy our freedom...destroy our American Way of Life!

CHRISTIAN CHURCH

A great number of people are reading Acts of the Apostles as the Pastor suggested. One member of the church said: "I had not read it for a long time." Another said, "It is a great book, isn't it?" Another said, "I can't quit with the chapters you suggest." Reports indicate that many people who do not attend church are reading the scriptures. The reading for this week is Acts, chapter 8 and

9 through verse 31 (Acts 8:9-31.) Next Sunday the sermons, based on these scriptures, will be: 11:00 a. m., "There Was Great Joy in that City;" 7:30 p. m. "Lord, What Wilt Thou Have Me To Do?" Bible School 9:45.

Watchdog of the Sea

Beware of the bark of the "watchdog of the sea." She is dangerous. And make no mistake about it; her bite is far worse than her bark! Woe to the target that comes within range of her big 16-inch guns.

THE BATTLESHIP, popularly called superdreadnaught, frequently referred to by commentators as "the watchdog of the seas," is affectionately nicknamed "battle wagon" by navy men. It is the largest, most deadly naval fortress afloat. It carries the thickest armor, the heaviest armament, the largest crew of any vessel in the fleet. In action, several thousand men on different decks move in swift but unhurried movements as nimble fingers turn valves, push buttons, pull levers in a coordinated rhythm that comes naturally with long training.

It is doubtful if there is a piece of equipment afloat or ashore that is more intricate, more compact, more complex, more self-contained than a battleship with its turbines, pumps, compasses, guns, galleys—even a laundry.

And in the operation of each mechanical piece, oil plays a part: fuels, lubricants of all kinds, solvents, marine paints, rust preventives—even the basic ingredient of deadly T. N. T. is oil.

Without oil no ship could leave dry dock. The Humble Company contributes a large share of this oil in a variety of forms. (See partial list below.) These products come from the same refineries which give you Esso Extra and Humble gasolines, and Esso, 997 and Velvet Motor oils for your car and truck.

HUMBLE PRODUCTS FOR THE MACHINES OF WAR: Asphalt, Aviation Gasolines and Aviation Engine Oils, Camouflage Paints, Diesel Fuels, Engine Oils, Univis Instrument Oils, Marine Paints, Navy Symbol Lubricants, Recoil Oils, Rust-Ban Protective Coatings, Stratosphere Greases, Toluene, Torpedo Greases, Waxes, Waterproof Lubricants, Synthetic Rubber for military uses. FOR THE MACHINES OF INDUSTRY: Automotive Lubricants, Cutting Fluids, Cleaners, Diesel Fuels, Gasolines, Industrial Lubricants, Launching Lubricants, Motor Oils, Paints, Petroleum Solvents, Quenching Oils, Rust Preventives, Waxes. FOR YOUR CAR: Products and service to help you care for your car for your country.
